## **Guideline notes**

**Section 7: Attachments** 

- 1. Please complete the additional fields beyond the mandatory requirements of Form 3 of Schedule 3 of the Building (Dam Safety) Regulations 2022. This data will be used to update your council's Dam Register and enable a better understanding of the region's dam portfolio.
- 2. If insufficient space available in form, please complete the required information in a separate attached document.
- 3. Fees and charges may vary between councils. Please refer to your relevant authority for details.
- 4. Regional or unitary authority (for Marlborough District Council, refer to their website)

Auckland Council Hawkes Bay Regional Council Southland Regional Council
Bay of Plenty Regional Council Horizons Regional Council Taranaki Regional Council
Canterbury Regional Council Nelson City Council Tasman District Council
Gisborne District Council Northland Regional Council Waikato Regional Council
Greater Wellington Regional Council Otago Regional Council West Coast Regional Council

5. For the purpose of the Building Act 2004 and Building (Dam Safety) Regulations 2022, the 'dam owner' is the person who legally owns the physical dam. Typically, the landowner will also be the dam owner. However, this will not always be the case as there are a variety of different scenarios when it comes to dam ownership. If the owner of the dam is not the same person as the owner of the land the dam is located on, there will likely be a record of this. Generally, where multiple people own the dam, they will collectively be the 'dam owner'. In most cases, it should be apparent who the owner/s of a dam is.
