File No: 23 10 02
Date: 24 August 2015
To: Collaborative Stakeholder Group
From: Chairperson – Bill Wasley
Subject: Values and uses for the Waikato and Waipa rivers
Section: For Information

1 Purpose

The purpose of this report is to provide the Collaborative Stakeholder Group (CSG) with a final version of the list of values and uses for the Waikato and Waipa rivers to be used in Healthy Rivers/Wai Ora policy development process.

Recommendation:

1. That the report [Values and uses for the Waikato and Waipa rivers] (Doc #3482636 dated 24 August 2015) be received.

2 Update

At workshop 14 the CSG agreed to edits to the values and uses list and confirmed the final document as per on screen changes (CSG14 workshop notes, CSG changes).

Staff have made those changes and completed a communications proofing and lay-out process.

The final version of the 'Values and uses for the Waikato Rivers' is provided for the CSG in Attachment 1.

This document will be sent to the next Healthy Rivers Wai Ora Committee meeting for their endorsement. Communications collateral will also be updated (for example the project website).
